**SEC Required Report on Routing of Customer Orders – Rule 606
Quarter Ending March 31, 2017**

This report has been prepared pursuant to a US Securities and Exchange Commission rule requiring all broker dealer firms to make publicly available quarterly reports on their order routing practices. The report provides information on the routing of non-directed orders – orders that the customer has not specifically instructed to be routed to a particular venue for execution.

This report is divided into four sections: securities listed on the New York Stock Exchange, securities listed on The NASDAQ Market, securities listed on NYSE MKT or Regional Exchanges, and exchange-listed options. For each section covered by this report, the venues most often utilized are identified and statistics with respect to various types of orders routed to particular venues are displayed. Also, discussed and disclosed, are any material relationships that MJW may have with any of these execution venues.
